**Subject:** Re: Program by ACC Aged Care Channel

Good morning,

My name is Cheryl Firth and I come from a nursing background though am currently working as an Instructional Designer for ACC (Aged Care Channel), a not for profit organisation. ACC produces programs for the aged care sector. We also work with DoHA (Now the Department of Social Services) on programs containing issues they consider important to the aged care sector.

I am currently working on a core program for care staff in residential aged care around clinical skills. We are looking at TPR, Urinalysis and Compression Stocking application. I am wondering if you might be able to supply me with name/names of clinical educators in aged care who could act as the expert (undertaking the skills) in the program. Our timeline is quite short to lock in an expert so I appreciate any assistance that you might be able to give me.

Please feel free to contact me on my mobile 0412 311 339 or email me at this address.

Kind regards

Cheryl

**Cheryl Firth**
